

The Arizona Association of REALTORS® proudly introduces:

REALTORS® OF ARIZONA IN ACTION!

# REALTOR® POLITICAL PARTY

## Why?

The Arizona Association of REALTORS® has formed the REALTOR® Political Party program to increase the political influence of the Arizona Association of REALTORS® beyond the limits of RAPAC. This program will augment and enhance RAPAC contributions for the benefit of AAR's positive political position at the state legislature.

## How Will the Program Work?

Available funds will consist of *pledges* made between January and May each year. The total pledge to this effort would be \$250 per individual derived from personal funds. The contributions made by individual REALTORS® would not be made until AAR Government Area staff requested a contribution to the candidate. The checks would then be mailed to AAR's office for delivery directly to the candidate. In the aggregate, you will not be asked for more than \$250 annually.

## Is This in Lieu of RAPAC Contributions?

No. As stated above, this program is intended to augment RAPAC. Those who join the REALTOR® Political Party also are encouraged to contribute to RAPAC.

Individuals pledging and contributing to becoming a member of the REALTOR Political Party will be recognized in the *Arizona REALTOR® Digest* and other AAR mediums like RALLiNOW. Those pledging also will be asked to attend the candidate fundraising event if they are able.

## How Do I Become a REALTOR® Political Party Member?

I pledge up to an aggregate total of \$250 for candidate fundraising event requests from the AAR Governmental Area in 2006.
