## One Way RAPAC Helps Homeowners Save Money

RAPAC helped to defeat special legislation that would have provided a dramatic tax reduction to one for-profit regionally accredited institution of higher education. The tax reduction would have shifted the institutions real and personal property tax to Class 6 (assessed at 5%) from Class 1 (assessed at 19.5%). Homeowners are in Class 3 (assessed at 10%). The result would have shifted the tax burden onto the backs of homeowners in the form of increased property taxes. AAR successfully fought to defeat this legislation. **A win for homeowners and a win for RAPAC!**
