**YOUR VOICE MATTERS —
BE HEARD!**

The Arizona Association of REALTORS®'s annual REALTOR® Caucus is a long-held tradition and marks the start of the "new year" for AAR's assessment of Arizona public policy. Attendees provide AAR with their valuable input on current issues affecting the real estate industry. Then, on behalf of REALTOR® members, the association recommends possible legislative or regulatory actions for the upcoming legislative session. REALTOR® delegates from Arizona's 21 local boards and associations will be present to review, discuss and debate the current issues impacting real estate practices.
