The opportunity to possibly serve the 45,000+ members of the Arizona Association of REALTORS® as a NAR Director is an honor unto itself. The responsibility of representing the best interests of others is a challenge, but one that I would embrace and dutifully execute.

It is important to understand that this position is not just about representing one Association or even one particular region, but all of the REALTORS® of Arizona. A position for which I feel confident in my abilities to do so.

Having served our REALTOR® members at the local level (currently President of the White Mountain Association of REALTORS® among other positions in the past), the state level for AAR (RAPAC Trustee and Legislative Committee), and also at the national level for NAR (RPAC Participation Council Representative for Arizona and the Resort & Second Home Committee), it is a natural move to the NAR Director position.

I thank you for your consideration and realize that there is no wrong choice among the highly qualified candidates available for this position; I would vote for any of them.

I have been privileged to serve the REALTOR® family at the local, state, and national levels for the last 21 years, and I am seeking your vote to continue that service as National Association of REALTORS® Director.

As an NAR Director from 2009-2016, AAR Executive Committee member for most of the last decade, and AAR President in 2014, I am uniquely qualified and prepared to meet the requirements of the position. I bring with me passion, experience, commitment, an open mind, and a desire to serve.

In addition to being a broker/owner, active practitioner, and a national trainer, I am AAR Past President and I currently serve as Vice Chair of the NAR Professional Development committee and Chair of the Real Estate Business Institute Professional Development committee.

I would be honored to continue to represent you as National Association of REALTORS® Director.

Thank you,

Evan Fuchs

Thirteen years ago, my husband and I packed up the kids, the dogs and moved 2500 miles to be a part of the amazing community of Flagstaff here in Northern Arizona. Having fallen in love with Arizona seven years prior, while on a business trip, I knew that this was where I belonged. After spending twenty years in marketing, graphic designs and then in the information technology field, I was looking for something more here in Arizona. Something that would take me outside the four walls of an office and into what I considered the most beautiful place in the world. It was then that I decided to give real estate a whirl and the rest is history.

Five years ago I was approached to become involved as a leader of the Northern Arizona Association of REALTORS® Board of Directors. Not realizing, at that time, the impact that this would have on who I was as a REALTOR®. I am still amazed at what the volunteers of our local, state and national boards do for this industry. And I am honored to be a part of all of this. I have spent most of my adult life giving back to the community in numerous organizations as a volunteer, and though a late bloomer with regards to getting involved, found it easy to transition into volunteering with our local association. In 2017 I became involved with AAR committees and recently was chosen to sit on the 2018 Leadership Academy for NAR.

Nothing is more rewarding for me than to see how volunteerism can change a community as well as an organization. Bringing the knowledge and experience of what I will learn back to the local and state associations is something I look forward to doing. My dedication to this industry and to the community, protecting private property rights as well as the rights of REALTORS® throughout Arizona is a common thread among our volunteers. I would be honored to represent AAR as National Director and continue to show how strong the real estate associations are here in Arizona.

Being a part of the real estate industry has changed my life in some many positive ways. Being a part of leadership in the industry that I love so much has been fulfilling and I look forward to staying involved in the years to come.
