*Thank you for elevating your profession by taking your
real estate interactions from ordinary to extraordinary!*

Kudos!

From one Arizona REALTOR® to another.

Shawn Abrams, nominated by Carolyn Trayte:

I did a cross sale with this REALTOR® (and his daughter Kortni) and he was extremely helpful and gracious and professional in how he handled some very frustrating things that came up during the final two weeks of the transaction. It all started with a break in (the property was vacant) as well as the discovery of unknown defects that were not uncovered by my buyer's inspector and undisclosed by seller of property when his seller purchased the previous year, nor found by his inspector. Both agent & seller were gracious, communicative, and forthcoming with solutions so we were able to close on time.

I very much want to work with agents like this on every transaction. It made a large high four figure transaction able to close with all parties satisfied.

Joann Bartlett, nominated by Ronni Zeigler:

Joanne was communicative, set realistic expectations, and worked to ensure a smooth transaction. It was a pleasure working with Joanne and I look forward to working with her again!

Amanda Gold, nominated by Nicole Hall:

Mandy Gold goes above and beyond in each transaction to get the job done. From organization to attention-to-detail to communication, she is a great example of how a Realtor® should work and operate!

Christine Luna, nominated by Marci Slater:

Chris Luna started the Broker Chicks 10 years ago. She has done an amazing job keeping it going and creating a safe place for 25 brokers to work together, grow, be successful in our separate brokerages and have fun while doing it!
